

## BIMETPIN95

### Term Tech Bi-Metallic Pin Terminal Aluminium Barrel Copper Pin 95mm<sup>2</sup> Cable

The Termination Technology range of Bi-Metal pins are suitable for terminating cables with aluminium conductors onto copper contacts without the risk of electrolytic corrosion and ensuring longevity. Supplied with a greased internal barrel and capped to prevent leakage. We would recommend using an indent crimper as aluminium is a softer metal than copper and the wall thickness of the lug is thicker to compensate.

## Technical Data

### Colour and Material

Body Material	Aluminum
Head Material	Electrolytic Copper

### Application Type, Size and Range

Cable Size (mm <sup>2</sup> )	95
-------------------------------	----

### Dimensions

Dimension d4 (mm)	12
Dimension L1 (mm)	50
Dimension L2 (mm)	35

### Product Specification

Specification	DIN 48201/DIN46329
