

C10

Term Tech Insulated 4 Way Brass Connector Block 1.5mm²-10mm² Range

The Termination Technology range of insulated 4 way brass connectors are perfect for joining multiple cables in one connector block providing strong connections and insulation. Connector manufactured from brass to allow copper and aluminium connections to be made. Available in a full range to cover 1.5mm² to 120mm² cables, usable in our resin joint kits to provide extra insulation and a guarantee that the cores wont touch each other.
