

## C50

### Term Tech Insulated 4 Way Brass Connector Block 25mm<sup>2</sup>-50mm<sup>2</sup> Range

The Termination Technology range of insulated 4 way brass connectors are perfect for joining multiple cables in one connector block providing strong connections and insulation. Connector manufactured from brass to allow copper and aluminium connections to be made. Available in a full range to cover 1.5mm<sup>2</sup> to 120mm<sup>2</sup> cables, usable in our resin joint kits to provide extra insulation and a guarantee that the cores wont touch each other.

## Technical Data

### Colour and Material

Material	Brass
Insulation Material	Polypropylene

### Application Type, Size and Range

Cable Size Range (mm <sup>2</sup> )	25-50
Suitable Cable Type	Copper or Aluminium Cores

### Discernible Features

Screw Style	Torque Controlled
