

CRLS4

Term Tech Heatshrink Cable Repair Sheath 3:1 Ratio 91mmØ Starting 1m Length

The Termination Technology range of CRLS Rail-less sheaths are used in cable repair and splicing applications. Provides the insulation thickness required by ICEA and NEMA specifications for cross linked polythene, insulated wire and cable. Available in a range of sizes with a 3:1 shrink ratio to provide a wider range of application.

Technical Data

Colour and Material

Material	Crosslinked Polythene
Colour	Black

Dimensions

Product Length (mm)	1000
---------------------	------

Physical Attributes

Adhesive Lined	Yes, with peel off backing
Style	Rail-less wrap around
