CS-8

Term Tech Carrier Strip for K65 Route Markers 8 Way (Bag of 100)

The CS- carrier strips are required to install the K65 range of cable markers, ideal for labelling large cables, bundles, conduit or pipes. Each size will fit a certain number of markers. Once the markers are on the carrier strip, using the slots on the end just cable tie the strip onto the cable. The cable tie will hold the carrier strip in place and prevent the markers from sliding off.

Technical Data

Colour and Material

Material	Polypropylene
Colour	Black

Dimensions

Product Height (mm)	9.5
Product Length (mm)	42

Physical Attributes

Carrier Capacity	8x K65 Markers

Temperature and Fire Information

Continuous Operating Temperature (°C)	-20 to +90
Fire Rating	UL94 V0
