

CT25-150

Term Tech Hex Crimp Tool Non-Insulated
Terminals Hand Operated 25-150mm²

The Termination Technology heavy duty range of non-ratchet crimp tools are used to cover cables from 6mm² to 150mm². Hand operated with rotating dies fixed in the head to avoid loose parts that can be lost. Dies are sized based on copper cables and lugs being used, for Aluminium jumping up a size or two can be an option as the material is much thicker.

Technical Data

Application Type, Size and Range

Cable Size Range (mm²) 25 - 150

Tooling Information

Crimper Operation	Hand
Crimper Style	Hexagonal Profile
Crimper Suitability	Non Insulated Tube Terminals
