Term Tech 18 Way No Link Earth Bar 50mm x 6mm Copper M10 Studs 695mm Length

The Termination Technology of Plain Earth Bars are manufactured to order in house, providing a convenient earthing point for electrical installations requiring an Earthing and Lightning protection system. Assembled with 50mm x 6mm copper mounted on an aluminium base plate using stand off insulators. Due to the length a support bolt and insulator is also used in the centre to prevent weakness in the bar. Standard configuration of 18x M10 studs spaced at 35mm centres.

Technical Data

Colour and Material

Material	Copper
Baseplate Material	Aluminium
Plating Material	None

Application Type, Size and Range

Bolt Size (mm)	10
----------------	----

Dimensions

Bar Size (mm)	50x6
Baseplate Width (mm)	89
Bolt Spacings (mm)	35
Product Height (mm)	83
Product Length (mm)	695

Discernible Features

Mounting Style	Surface
----------------	---------

Electrical Ratings

Max Current (A)	1000
-----------------	------

Product Layout

Workable Ways	18
Number of Links	0
Number of Insulators	2

Product Specification

Specification	BS:EN 13601 Compliant
