

MAT915

**Term Tech Electrical Rubber Matting Tested to
11kV 450v AC Working Current 1000mm x
6mm (Per Meter)**

The Termination Technology range of electrical rubber matting is perfect for use in front of switchboards and other high voltage equipment. Providing safety for operatives at work against electric shocks. Available in a black rubber with a fine rib on one side with fabric finish for improved grip, further improving its safety properties. All sizes 1000mm wide and cut lengthwise to the metre, maximum continuous length 10m. Due to the weight certain lengths cannot be sent with couriers so a pallet charge may be applicable.
