

ZPS40

Term Tech Slot Raised Electrical Screws M3.5 x 40mm (Pack of 100)

The Termination Technology range of electrical screws are fully threaded with a raised slotted countersunk head. Suitable for fixing face plates to a back box. The raised countersunk head is ideal for replacing screws that no longer reach the back box after plastering or tiling has sunk the back box further into the wall. Standardised thread size with a range of lengths available.
